Adams Motorsports Park Drift competition Saturday March 7th 2009

On Saturday March 7th 2009 we left our Santa Ana Office and Headed to Riverside CA for the first Adams Motorsports Park competition and Official D1 Underground feeder event. Drivers and spectators from all over the Southland showed up to see friends, practice and Show off their skills during the competition. It's amazing and a little bit frightening (at first) seeing full size cars drifting around a ¾ mile paved Go-Kart race circuit. The event welcomed drivers of all skill levels and back rounds. It's great to see the kind of progress some of the local drivers have made by coming out to the weekly Thursday night drift events at Adams. Professional driver Daijiro Yoshihara and a few others showed up to Judge the event and were strategically placed on top of a big storage bin overlooking the track. The drivers put on an amazing performance, congratulations to the Top 3 Tommy Roberts, Ryan Litteral, and Sam Greenwood. Top 4 drivers from this event are on their way to the D1 Invitational on May 1st in Anaheim CA. They may have some Grip events in the works in the near future stay tuned for updates.

Test Rough Draft

Adams Motorsports Park began putting on weekly events that are more affordable for the average driver. Drivers are able to get maximum seat time and instruction from the helpful and knowledgeable staff. Adams is also a place where drivers can come and express their passion for drifting freely without the dangers of an uncontrolled environment.

Car enthusiast, drifting fans, Drivers of all skill levels, gathered from surrounding areas at Adams Motorsports Park in Riverside California on Saturday March 7th to see friends, practice and show off their skills. Professional driver Daijiro Yoshihara and a few others showed up to Judge the Event. Top 3 finalists are headed to the D1GP USA invitational.

Thurs Knights Drift February, 22nd 2009

North Orange Show Speedway, San Bernardino CA

The Thurs Knights Team and Naoki from Drift Day got together to bring us a great event. The track layout was very driver friendly and enjoyable for all skill levels. Helpful and friendly track-side staff is always ready to answer any questions or help you behind the wheel. Over all a great turn out and an awesome track layout. Be on the look out for a competition in the Future. If you are interested in driving make sure you sign up fast because these events have been know to sell out in just a few days.
